FAMILY PROMISE OF WAYNE COUNTY ACQUIRES PERMANENT DAY CENTER!

Family Promise of Wayne County is delighted to announce the acquisition of a permanent family resource center in Lyons, NY. Once renovations are completed, the Center will move to 3 Holley Street in Lyons from its temporary location at 72 Broad St.

The new family resource center will enable Family Promise to better serve Wayne County's homeless families with children. As a non-profit community response to family homelessness, FPWC provides families with a temporary home while helping them secure long term, sustainable housing. Resources for job placement, transportation and child care are also available. Success is achieved through the time, talents, and treasures of generous volunteers. In the 18 months since it first opened its doors, Family Promise of Wayne County has "graduated" 15 previously homeless families into permanent housing.

"I hope all of you reading this message will seek us out and engage with us as we work to end homelessness for children in Wayne County, one family at a time. Seize the opportunity to better the lives of others right here in Wayne County" says Linda Werts, President of FPWC's Board of Trustees.

Family Promise is a 501(c) (3) Public Charity
